

GS-GP10K

Power Storage Generator - 10KW / 20KW Peak

Two variants: 10kWh & 15kWh battery options.

SPECIFICATIONS

Battery: LiFePO4 51.2V

Capacity: 10 / 15 kWh

AC Charging: 2200W

Charge Time: <=5H / <=7H

Input: 220/120 VAC

Weight: 107 / 142 kg

VARIANTS

GS-GP10K (10kWh) - 10KW / 20KW peak - 10 kWh

107 kg - <=5h charge. Offices and shops.

GS-GP10K (15kWh) - 10KW / 20KW peak - 15 kWh

142 kg - <=7h charge. Overnight solar storage.

BEST FOR

Office Blocks, Construction, Schools, Shops, Workshops

WHY IT WORKS IN GHANA

Power an entire office block or small factory reliably. The 15kWh variant stores enough energy for overnight use - capturing daytime solar and releasing it through the night. 13+ years of service.
